SUMMARY

Passionate, detail-oriented and enthusiastic Full Stack Developer with a strong foundation in modern web development technologies, including React.js, JavaScript, Tailwind CSS, Express.js(Node.js) and MongoDB. Skilled in creating responsive user interfaces, building robust and seamless user experience.

PROJECTS

PassWired - Password Manager 🔗 | React JS, Express Js, MongoDB, Tailwind CSS, Redux **July 2025**

- PassWired is a Secure, mobile-first Password Manager Progressive Web App (PWA) built with the MERN stack, enabling users to store, view and manage encrypted credentials behind a customizable App PIN.
- Utilizes AES-256 encryption for secure password storage and enforces PIN verification before every sensitive interaction.
- Features a responsive UI using React and Tailwind CSS. Has toast notifications, Modals, sleek design and seamless UX flow.
